

# State Support and Oversight Fee

**This is a required additional document for all Grant Applicants.**

This document explains the Maryland Governor’s Office on Service and Volunteerism (MD GOSV) State Support and Oversight Fee so applicants understand this cost before applying.

The State Support and Oversight Fee is calculated as 2% of 98% of your awarded grant amount. This update aligns how the fee is calculated across different grant types and ensures consistency with cost-reimbursement grants.

**How the fee is calculated:**

MD GOSV adds together the CNCS share from Section I and Section II of your budget. The fee is then calculated using the formula below:

**$(\text{CNCS Share Section I} + \text{CNCS Share Section II}) \times (2\% \times 98\%)$**

**Important things to know:**

- \* The fee will be recalculated after funding decisions to reflect the final, approved number of MSYs.
- \* The State Support and Oversight Fee may be paid using federal grant funds.
- \* Applicants should plan for this cost when developing their budget.

*For more details, please review MD GOSV’s State Support and Oversight Fee Policy and Procedure. If you have questions, contact [gosv.md@maryland.gov](mailto:gosv.md@maryland.gov)*
